Design Engineering's index for 1972

Assembly

Another new thread — who needs it? ..... Apr p42
Ultrasonics solder aluminum without flux .... Jun p49
What's new in fasteners ..... Jun p50
Assemble small parts by diecasting ..... Jun p62
Progress report — optimum metric fasteners . Jun p63

Drawing office

Design problems simulated and solved ..... Feb p30
Calculator fits pocket and pocketbook ..... Feb p31
Digitizer and computer solve many engineering problems ..... Feb p32
Retrieval system for vendor items and specs speeds satellite design ..... Feb p33
Development of the odorless diazoprinter .... Feb p34
From rough to inked drawing by automation . Feb p35
Forget information retrieval — it's been done for you ..... Feb p38
Drawing office equipment and supplies buyers' guide ..... Feb p39
Free ink flow but no leaks or seized points ... Feb p46

Electrical and electronic

Brushless motors allow simplified speed controls Jan p26
Light emitting diodes — the lifetime lights ... Jan p28
Update your thinking on pm generators ..... Jan p32
Electric motors and controls buyers' guide ... Jan p36
Stop pouring power down the drain ..... Mar p44
Breakthrough in ferromagnetics has wide applications ..... June p48
Integrated circuit slashes timer costs ..... Aug p37

Fluid power

Disengageable gear adds versatility to high-torque motor ..... Mar p45
Novel design gives high torque low speed hydraulic power ..... Jul p58
Pump gives square-wave output ..... Jul p61
Fluidics control weight of explosives ..... Jul p62
Fluidics: characteristics compared ..... Jul p66
High pressure hydraulic system design ..... Jul p67
Canada's fluid power and controls buyers' guide Jul p70
Hybrid air controls step up production ..... Aug p32
Vacuum retracts single-acting cylinder ..... Aug p35
Design tips for hydraulic servosystems ..... Sep p46

Materials

Design for long service life with solid lubricants Mar p34
How to choose the best alloy steel ..... Mar p37
Gaskets formed-in-place automatically ..... Apr p46
Which steel bar stock — cold finished or hot rolled? ..... May p44
New plastic has high heat deflection temperature ..... May p46
Glass-reinforced thermoplastics — their use in appliance design ..... May p48
Structural foam is self-extinguishing ..... May p50
Injection moldings of ABS bent into final form May p51
How to design acetal bearings ..... May p54
Forge ahead with the new zinc alloys ..... May p56
Plastic sheet can breathe but is waterproof ... May p57
Painting plastics — which and how ..... May p58
New preplating gives improved adhesion ..... May p60
New nickel-copper-columbium steels cut dead-weight in haulage vehicles ..... May p61
Polysulfone's new look — a structural adhesive May p62
Bearings made from resin-fabric reduce down-time, prevent pollution ..... May p63
The Plastics Show of Canada 1972 ..... Oct p56

Mechanical power transmission

What's new in variable speed drives ..... Mar p46
What's new in brakes and clutches ..... Apr p53
The weakest link is stronger in this chain .... May p64
Torque measured by shaft deflection ..... Jun p46
Endless woven belts — types and applications . Oct p48
Needle roller bearings — types and characteristics ..... Oct p50
Failure modes of rotating shafts ..... Oct p52
Mechanical power transmission buyers' guide . Oct p60
Relieved races run cooler ..... Nov p53

Miscellaneous

Prospecting for jobs ..... Jan p76
Writes, transmits and receives in real time ... Feb p32
Electronic voice instructs operator ..... Mar p43
How to reply to job ads ..... Mar p84
Preview the Production Show ..... Apr p47
Canadian-designed amphibian scheduled to fly this year ..... May p66
The 1972 job market ..... May p94
Eight deadly career mistakes ..... Jul p132
Students design rubber band heat engines .... Aug p24
Sub-Igloo will explore Arctic under ice ..... Aug p26
Vancouver firm develops oil-spill boom ..... Aug p28
Centrifugal heart pump has smooth rotors ... Aug p35
Walls and roof unroll to form rigid structures Aug p36
Which high-performance valve for where .... Sep p49
Fluid handling equipment ..... Sep p56
Foiling the résumé readers ..... Sep p90
Automation ..... Nov p36
Matching cones give positive shaft seal ..... Nov p53
The chancy world of reference checks ..... Nov p78
The pick of the products, 1972 ..... Dec p17
Roundup of 1972 technical literature ..... Dec p57
